MESSAGE FROM THE PRINCIPAL...

Dear Families,

You Got This! I say this often these days and I really mean it. We have ventured into uncharted territory and I am proud of how our students, families and staff have handled this. As we continue our journey to the end of the school year I want you to:

- Remember that you are doing so many things right!
- Put aside the “I should”
- Feel confident that your child will be just fine next school year
- Take time to breathe and be mindful of the silver linings that are happening all around us

One of the best parts of my job is bragging about our learning community; our remote learning period has given me numerous opportunities to delight in the strengths of our families, staff and students. Examples of these include:

- Families donating money and food for our community
- Staff members going out of their way to deliver resources and smiles to families
- Student groups developing and participating in Kindness Challenges and
- Daily acts of kindness that remind us we are fortunate to be Wilmore-Davis Warriors

The remote learning model has put forth some challenges as well as some cool learning opportunities. Students continue to work on a variety of projects and are applying 21st Century Learning skills in a variety of ways; most students have experienced some type of struggle with class work, technology, self-regulation, or emotions that feel, at best, out of whack. Their perseverance and your ability to support their grit and tenacity as they have worked through this is awesome, albeit uncomfortable at times.

MESSAGE FROM THE PRINCIPAL., CONTINUED...

Soon we will send out communication about our end of year procedures. This will outline information about:

- Picking up medication, school supplies, lost & found and report cards
- End of year celebrations and 5th grade Continuation
- Use of Devices over the summer
- Resources available to students and families over the summer

I know there are many wonderings about what next year will look like. I do not have any answers to that and promise I will give you information as I have it. In the meantime, please know that we are already preparing for next year and are excited to bring The Energy Bus program to Wilmore-Davis, more information to come this summer!

Please continue to pay attention to the weekly updates, emails and Messenger updates that you receive so you do not miss any fun and important announcements and events that we have scheduled each week.

As always, if you have questions/concerns/wonderings about anything, please send me an email at jfischer@jeffco.k12.co.us.

EXPLORE SUMMER READING: SCHOOL CONTEST

[REGISTRATION NOW OPEN!](#)

The *Explore Summer Reading* journey commences **June 1 - July 31**. [Registration](#) now open.

Students, help your school imagine a new story! Sign up for *Explore Summer Reading*, participate in fun activities and help your school win \$800!

During 2020's *Imagine Your Story*, we challenge all Jefferson County public school students (between the ages of 4 and 18) to read and complete activities for their schools.

By participating in Summer Reading, you will help your school compete to win \$800 to support your school's library or reading-related programs. Awards are given to schools in five categories with the highest percentage of finishers.

Only five schools can win, so join the quest and start logging activities.

CONTEST RULES

The *Explore Summer Reading* journey commences June 1 - July 31. [Registration](#) now open.

How to participate

When registering, simply select the school you will be attending beginning next fall. Your activity tracking automatically counts toward the school competition.

Sorry parents and teachers – this contest is only for the students (ages 4 – 18), but please encourage and cheer on your students. You can still participate in Summer Reading, just not the school contest.

School categories

One school in each of the five categories is awarded a cash prize of \$800 from Jefferson County Library Foundation

- ⇒ Preschool
- ⇒ Elementary school
- ⇒ Middle school
- ⇒ High school
- ⇒ Multi-level school, i.e. K-8; K-12

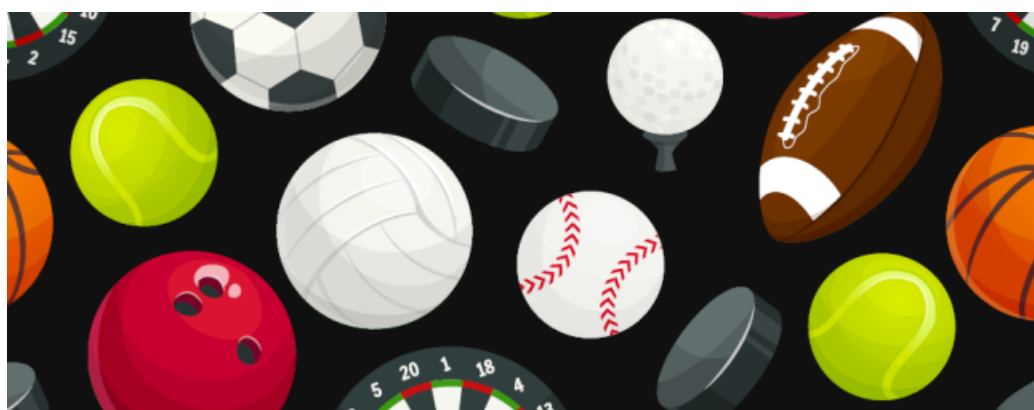

How to win

To win, schools in each category must have the highest percentage of finishers within their category, based on 2019-2020 school enrollments as reported to the State of Colorado. In the event of a tie (as calculated out 1 decimal point), the prize is awarded to the school with the highest total average number of activity points per student.

Jeffco students, we have started our new summer story. Sign up. Choose your school. Read. Log your activities. And win.

Always be exploring during 2020's **Imagine Your Story**.
