MESSAGE FROM MRS. FISCHER...

Dear Wilmore-Davis Families,

Our school has a long-standing history of providing high-quality education, a safe place for all, and a collaborative spirit that has served us and our community well. I want to assure you that this will not change. Our staff is committed to ensuring that your child has the best year of their school career. I will be available to meet with families and community members on Monday, August 29th, at 5:30 pm to discuss the recommendation that our school be closed at the end of this school year. Please use this form to [RSVP](#). Dinner and childcare will be provided. This will be an opportunity for you to ask questions, gain clarification, and learn more about the timeline the district has recommended.

We have had a strong start to the school year! Our classroom routines and structures are in place and students are engaged in a full day of learning and fun, every day. Students are quickly developing friendships, have been assigned their personal learning devices, and soon will start learning in our new STEM classroom! Please refer to your child's weekly newsletter to learn more about what's happening in the classroom so you can make connections between home and school.

MESSAGE FROM MRS. FISCHER, CONTINUED...

Our mental health team started our Social Emotional Learning series in every classroom and launched this by reading books about autism. We are fortunate to have students with autism in all of our classrooms and it's important that our community understands the features of autism that might be present in classrooms. For instance, some of our students focus intently on specific words (sometimes cuss words) and will shout them out during class. When this happens, our students have learned to ignore the behavior and continue with their work. Another example that students may experience is a lack of boundaries- we call it "bubble space." Sometimes students on the spectrum don't understand personal boundaries and inadvertently come to close to peers, unintentionally making them uncomfortable. Our students are taught to respectfully remind the peer to take a step back. Every day I see our students engaging with each other and accepting differences that make our school a wonderful place. If you have any questions about our supports for students on the spectrum, please feel free to contact me.

As we move towards September, please refer to our calendar so you don't miss out on any events. We have Labor Day, community meetings, family conferences, and a teacher planning day coming up.

Janace Fischer, Principal

SEL MONTHLY NEWSLETTER

Wilmore-Davis

Social Emotional Learning

SEL NEWSLETTER

Starting this month, Wilmore-Davis families will receive a monthly SEL Newsletter. This newsletter will include information on what your child is learning in their SEL lessons this month and tips for continuing social emotional learning at home. The newsletter will also include the new SEL Monthly Value that is based on our PRIDE system.

WHAT'S IN THIS MONTH'S NEWSLETTER:

- Newsletter Announcement
- SEL Lesson Information
- Monthly Value

WHAT IS SEL?

Social and emotional learning (SEL) is the process through which children gain and apply the knowledge, attitudes, and skills necessary to deal effectively with daily tasks and challenges.

Jeffco Public Schools has adopted the five core components of social and emotional learning outlined by the Collaborative for Academic, Social, and Emotional Learning (CASEL) - Self-Awareness, Self-Management, Social Awareness, Relationship Skills & Responsible Decision Making (CASEL, 2017)

A photograph of a classroom activity. Two young girls are standing in front of a whiteboard and a large digital screen. The whiteboard has a 'Welcome to P.E.' sign and a list of instructions for a game. The digital screen displays a game interface with three levels of difficulty, each showing a cone and a plus sign followed by the number 10. The girls are looking at the screen, and one girl is pointing at it.

Welcome to Wilmore Davis Physical Education! My name is Desiree Chilton and I have been teaching physical Education for 3 years! We will be working to encourage healthy habits and to teach students that movement is fun. The goal is for our students to be confident and creative movers and to choose to be active for a lifetime! We are looking forward to an exciting year!

Active Students = Better Learners
www.cdc.gov/healthyschools/PEandPA

The CDC recommends that your child gets at least 60 minutes of moderate to vigorous exercise daily. Recommendations for adults are 150 minutes per week. Your child receives Physical Education 45 mins a day, for 5 days during our weekly AMP rotation.

What You Can Do

Move and play with your child as much as you can and model good healthy habits. Now is the time to create these habits!

Emphasize the importance of following directions and giving their best effort. Ask your child what they learned each day.

If your child has any health concerns, please let me know, as I will adapt the activities to fit his/her needs. If your child cannot participate due to illness or injury, a parent note needs to be sent to the PE Dept. After 3 days, a doctor, note will be required. Your child, health and safety are a top priority!

Help your child come to Physical Education prepared with tennis shoes and play clothes. Girls that must wear dresses will need to wear shorts under their dress. Please help your child learn to tie their shoes as this will help them be safe while participating. Please have your child bring tennis shoes in their book bag if they must wear sandals or boots to school.

What I Learn in PE Class

Every day, your physical education teacher uses the **National Standards for K-12 Physical Education** to help you become a physically literate person. Being physically literate is a fancy way of saying that you know how to be physically active and that you enjoy being physically active. Learning to be physically literate in physical education class now will help you continue to be healthy and active when you grow up.

Look at the **National Standards** to help you understand what you are learning in PE.

A physically literate individual:

What this means to me:

1

demonstrates competency in a variety of motor skills and movement patterns.

I have the skills to move and play.

2

applies knowledge of concepts, principles, strategies and tactics related to movement and performance.

I show that I know how to move and use a plan when I play games.

3

demonstrates the knowledge and skills to achieve and maintain a health-enhancing level of physical activity and fitness.

I show that I know how to get fit and stay fit.

4

exhibits responsible personal and social behavior that respects self and others.

I act fairly and respectfully when I play.

5

recognizes the value of physical activity for health, enjoyment, challenge, self-expression and/or social interaction.

I know why it is important to be physically active.
